Sunshine bingo

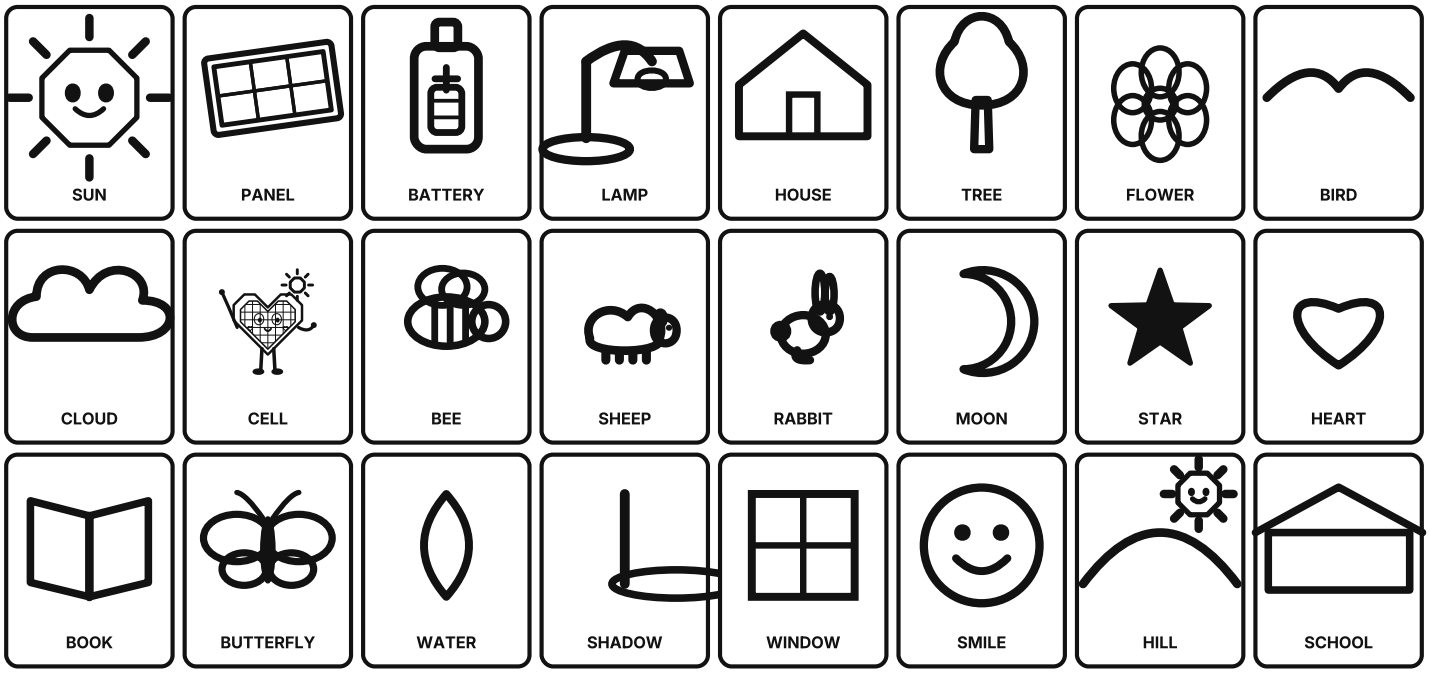

A kind game for a sunny walk, or for the table when the power is out. You need buttons, beans, pebbles or scraps of paper as markers.

Two ways to play

1. Walk about. When you see something on your card — a bird, a cloud, a solar panel — mark it. The first to fill a line calls “Sunshine!”

2. At the table. Cut out the little caller tiles below. Place them face down, turn one over at a time, and mark any card that has that picture. Play until everyone has a line, then cheer together.

Caller tiles · cut these out

There is no rush. Kind play is the point.

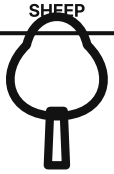

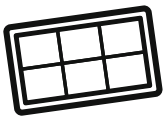

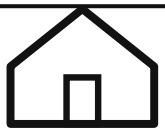

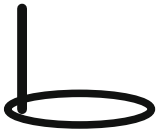

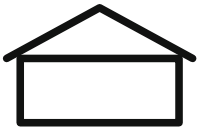

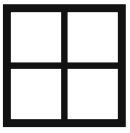

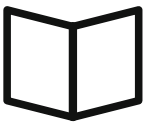

Sunshine bingo cards

Each player takes one card. A line can be across, down, or corner to corner.

LOVE SOLAR
